

Led aluminum profiles

PF-K-R-MI

VOLTRON® single round aluminum LED profiles \varnothing 24mm. All profiles are anodised as standard and are always supplied as a set. 1 set = 1 aluminum profile, 1 opal cover UV resistant, 1 bag with accessories (2 left, 2 right side caps). The cover has a flammability factor of UL94V-2. Type PF-K-R: \varnothing = 24mm - L = 2000mm (ATTENTION) - ALU = 6063 T-5. This profile is mainly used in wardrobes for cloth hangers. Additional accessories are provided to fix the profile to the side walls and reinforcement against bending (PF-K-R-ZIJKANT/PF-K-R HANGSTEUN). This profile can also be suspended floating (PF-K-R-ARM) or tilted against wall / ceiling (PF-K-R-DRAAIKLIP).
